Education

- Imperial College London. London, UK.** 2026 – 2027
MSc in Statistics (Statistical Finance) – commencing September 2026
Computational Statistics and Machine Learning, Advanced Statistical Finance, Time Series Analysis, Deep Learning.
- University College London (UCL). London, UK.** 2023 – 2026
BSc (Hons) in Statistics, Economics and Finance – First Class Honours, 75.9% credit-weighted average
Stochastic Methods in Finance I & II, Statistical Inference, Stochastic Systems, Decision and Risk, Regression Modelling.
- Lycée Français International D'Alicante Pierre Deschamps. Alicante, Spain.** 2008 – 2020 and 2021 – 2023
Double Diploma French Baccalaureate (17.66/20.00) & Spanish Selectividad (12.98/14.00).
Specialised in Physics, Chemistry, Economics and Mathematics.
- Bromsgrove School. Bromsgrove, UK.** 2020 – 2021
Development year abroad in an Accelerated Learning Program. GCSE (8.2) / IGCSE (9) / AS Level (A)

Projects

- Arbitrage-Free SVI Implied Volatility Surface** Python | 2026
• Calibrating raw-SVI slices to listed option chains by non-linear least squares, imposing butterfly (positive risk-neutral density) and calendar-spread constraints across maturities.
- Bayesian Logistic Regression for NBA Shot Outcomes** Python, R | 2025 – 2026
• Coded a random-walk Metropolis-Hastings sampler from scratch for a 7-covariate logistic model on 128,069 shots. Shaping and scaling the proposal covariance from the GLM information matrix.
• Mean acceptance rate 27%, 5-fold CV accuracy 0.609 (sd 0.004), matching the frequentist GLM to within noise, as the likelihood dominates the prior at this sample size.
- One-Week Value at Risk on an SPX and DAX Portfolio** R | 2025 – 2026
• ARMA-GARCH marginals with skewed Student-t innovations, PIT to uniforms, and a survival BB1 copula (Kendall's $\tau = 0.52$) chosen by AIC over six families. 50,000 Monte Carlo scenarios.
• 99% weekly VaR of 4.98%, backtested over 1,355 weeks with 16 exceptions against 13 expected (Kupiec $p = 0.52$, Christoffersen $p = 0.33$), so coverage and independence both hold.

Experience

- Alantra. London, UK.**
Investment Banking Intern, FIG (M&A and Credit) August 2025 – September 2025
• Analysed residential mortgage NPL data tapes >£200m GBV, cleaned records with limited collateral detail and produced strats to evaluate clustering strategies.
• Supported standalone and merger models on the buy-side acquisition of a >£3bn AUM non-bank lender (BTL and bridging loans) by a bank.
• Contributed to early SRT workstreams (RWA relief) and refined ABS waterfall and tranche cash-flow models.
- Cerberus Capital Management. London, UK.**
Real Estate PE Investment Intern July 2024 – August 2024
• Translated European low-cost carrier revisions (load factor, fare yields, forward bookings) into occupancy assumptions for Southern Europe hospitality underwriting.
• Mapped the London family-club market (borough comps, demographics, Use Class) and benchmarked pricing and EV/EBITDA against leisure comps to shape the investment thesis.
• Reviewed a Croatian hotel portfolio (REV €60–200m each), testing sensitivities to capex and exit yield to prioritise targets.
- UrbanData Analytics (Alantra Group). Madrid, Spain.**
Data Department Intern December 2022
• Cleaned Automated Valuation Model data tapes (location coordinate outliers) and shadowed the sale of a >€100m GBV bank NPL portfolio, comparing workout strategies and recovery timelines.

Leadership & Activities

- X-Tend Prosthetics (Registered Charity). London, UK.** October 2023 – June 2026
Co-Founder and CFO
• Delivered 3D-printed mechanical arms to 10 recipients in Morocco.
• Managed the capital raised and wrote the business plan that won a UCL grant of £2,000.

Skills & Interests

Technical: Python (NumPy/pandas/SciPy), R, SAS, LaTeX, Git, Excel.
Languages: Spanish (native), English (bilingual), French (bilingual).
Interests: Treasurer of the UCL Spanish and Latin American Society (2024 – 2026), player and manager of its football team (2023 – 2026). Poker, football, rowing, Model United Nations and Debate Club.
